Subscription Price \$1.00 Year

Important.

Owing to orders recently received by all publishers relating to sample copies, we are compelled to restrict the number of sample copies sent out. For this reason we have sent you this facsimile of our monthly publication **GRANITE**. The regular edition is printed on paper 12 inches x 9 inches, 44 pages. We will send sample copy upon application. Among other important features, we publish with each issue from two to four original designs made by the best monumental designers, giving also sizes and prices. The cuts shown upon the following pages are reduced sizes of those published during the past year. The paper is published strictly in the interest of the Granite industry as pertaining to monumental work.

An Offer.

We make the following offer to all new subscribers : —

Upon receipt by us of a Postal Order for \$3.00 we will forward Sixty Designs with sizes and prices in the leading granites. These designs are printed upon heavy paper, 10 inches x 9 inches, and are similar in everything but size, to those published herewith. This amount will also include a subscription to **GRANITE** for one year. This will mean to you at least 24 designs additional, aside from other values in the paper.

(See reverse side of this page.)

What is Granite ?

"GRANITE"

Is a monthly trade publication issued in the interests of the granite business, as pertaining to monumental work, published by

A. M. HUNT & CO.,

131 Devonshire St., Boston, Mass.

The articles are all practical and the designs published in each issue are strictly up to date. Our advertisers are the best in the trade, and to see their advertisement in "**Granite,**" is a guarantee of responsibility.

Our location in the center of the granite producing region, gives us an unexcelled opportunity for keeping in touch with the granite manufacturer and quarry owner.

We are thoroughly posted on the quality of work produced by each manufacturer, their responsibility and reputation, also, posted on the quality and amount of granite produced by each quarry and responsibility of quarry owner and manufacturer.
