MONUMENTS
of
Enduring Beauty

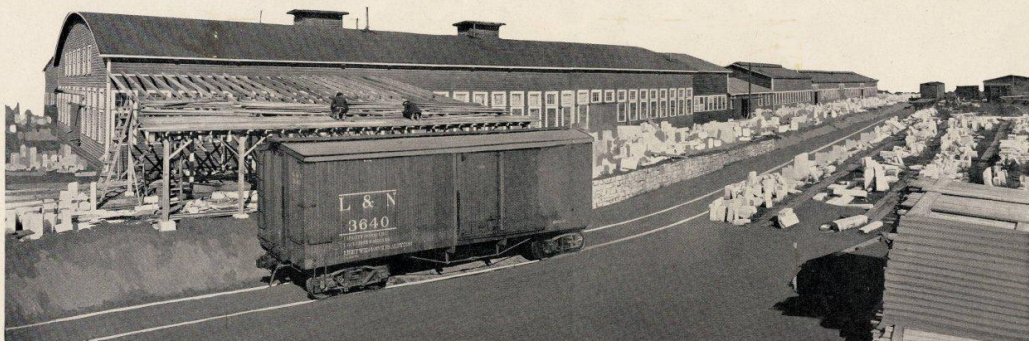

OUR GUARANTEE

That every monument shall be exactly as represented; that it shall give satisfaction—such is our guarantee. Our memorials have been shipped to practically every state in the Union; thousands of customers vouch for their beauty and lasting qualities.

When you order a monument from us you receive the product of skilled workmen, fashioned from the best of material—and backed by the guarantee of a company of unquestioned stability.

HERE, IN THIS PLANT, ARE CREATED
OUR MEMORIALS OF ENDURING BEAUTY

An invitation is extended any of our Friends to visit us when in Atlanta

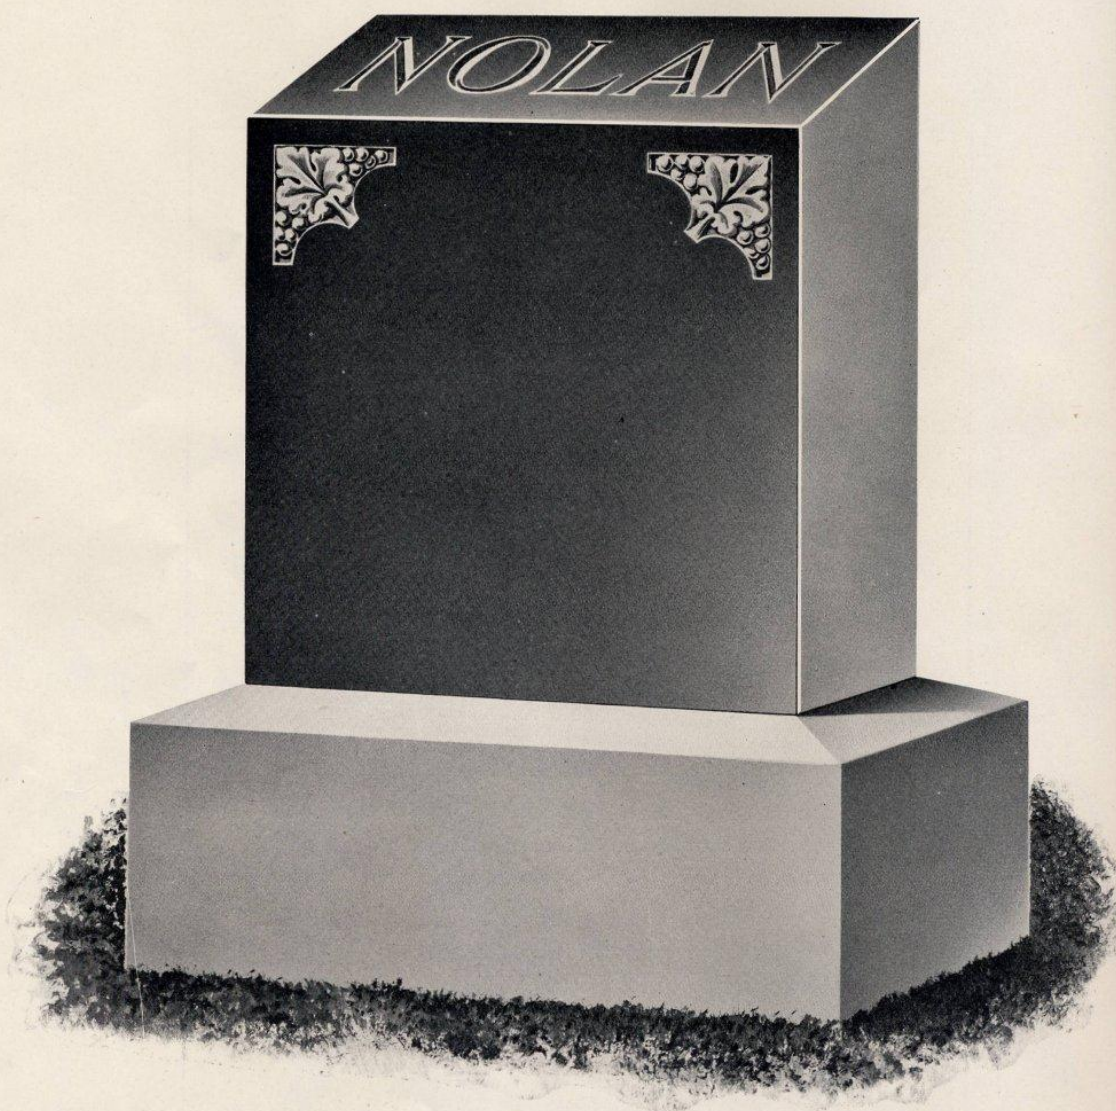

MARBLE

OUR WHITE, CRYSTAL GREY AND CRYSTAL CREOLINE MARBLES give you a nice selection of beautiful monumental marbles. Whatever color you may select, you will be certain of a memorial of unusual distinction.

Our Marbles are among the hardest of the leading monumental marbles on the market today. They will withstand any climatic condition. Neither the extreme cold of the Alaskan winters or the heat of the deserts of Arizona, will cause them to crumble. Our memorials show for themselves the lasting qualities of our Crystalline Marbles.

Working with marble that is faultless and pure of grain, our skilled craftsmen are able to execute the designs so that the finished memorials are real works of art.

The low prices of these marble memorials is another reason for their country-wide popularity.

A Suitable EPITAPH

What inscription shall be placed on the monument? What is appropriate? . . . As it is often difficult to decide upon the one most suitable, we have prepared with care the following collection of epitaphs, hoping it may be of some assistance.

*The words "Born" and "Died" are
usually omitted, as unnecessary*

CHILDREN OF

- 52 What hopes have perished with you, my son
- 53 Thy trials ended, thy rest is won
- 54 Resting in hope of a glorious resurrection

FOR CHILDREN

- 1 Gone so soon
- 2 Our loved one
- 3 Gone to be an angel
- 4 Gone to a better land
- 5 Darling, we miss thee
- 6 The lovely flower has faded
- 7 "Blessed are the early dead"
- 8 "Of such is the kingdom of heaven"
- 9 "He carries the lambs in His bosom"
- 10 "Suffer little children to come unto me"
- 11 Asleep in Jesus, blessed thought
- 12 A fairer bud of promise never bloomed
- 13 How soon fades the tender flower
- 14 A sunbeam from the world has vanished

- 55 How desolate our home, bereft of thee
- 56 Jesus loves the pure and holy
- 57 There are no partings in heaven
- 58 The faithful are certain of their reward
- 59 Salvation through Christ the Redeemer
- 60 How many hopes lie buried here
- 61 He died as he lived—a Christian
- 62 The briefer the life, the earlier immortality
- 63 Let our Father's will be done
- 64 In Thee, O Lord, have I put my trust
- 65 Ascend, my son! thy Father's kingdom share
- 66 He was beloved by God and man
- 67 May he find joy in the life everlasting
- 68 Oppressed by grief, yet cherished by faith and hope
- 69 Sheltered and safe from sorrow
- 70 Thy life was beauty, truth, goodness and love
- 71 We pursue false joy and suffer real woe
- 72 Death is eternal life, why should we weep?
- 73 An honest man's the noblest work of God
- 74 The paths of glory lead but to the grave
- 75 A tender mother and a faithful friend
- 76 There is glory for the virtuous when they die
- 77 Holy Bible, book divine!
Precious treasure, thou art mine!
- 78 We trust our loss will be her gain
And that with Christ she's gone to reign
- 79 Father! let thy grace be given
That we may meet in heaven
- 80 Faithful to her trust,
Even unto death
- 81 Gone to a bright home,
Where grief can not come
- 82 Kind father of love, thou are gone to thy rest,
Forever to bask 'mid the joys of the blest
- 83 We'll join thee in that heavenly land,
No more to take the parting hand
- 84 She was a kind and affectionate wife,
A fond mother and a friend to all
- 85 Rest, mother, rest in quiet sleep,
While friends in sorrow o'er thee weep
- 86 On that bright, immortal shore,
We shall meet to part no more

GRANITE

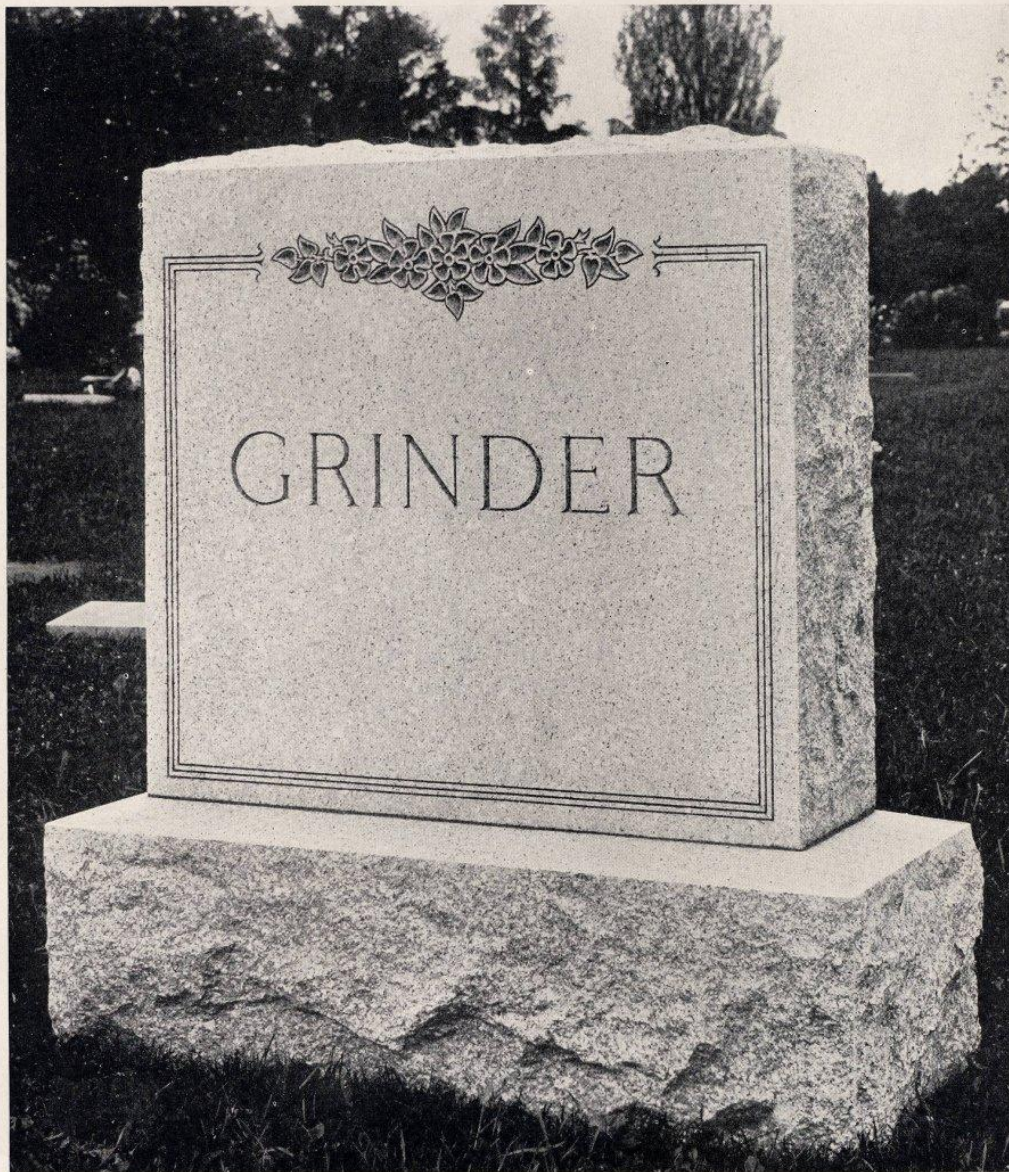

THE STONE ETERNAL—*Elberton Blue Granite!* Search the world over and you will not find a stone more worthy of transmitting cherished memories to those generations yet to come. For rugged dignity, for distinctive character, for natural beauty—this exceptional monument stone stands practically alone.

According to the U. S. Geological Survey Bulletin No. 40, page 112, the granite of Barre, Vermont, absorbs the least water of any *northern* granite. It absorbs approximately three-tenths of a pound of water per 100 pounds of granite.

But—Elberton Blue Granite's absorption is only *one-tenth* of a pound of water per 100 pounds of stone. Since it absorbs only one-third as much water as Barre Granite it is not to be wondered that experts consider Elberton—the stone used in *our* granite memorials—to be the most enduring granite known.

When polished, this granite assumes a rich bluish-gray color, with black grains showing up. When axed or sanded, it is more of a uniform gray. In all finishes it is truly distinctive—a stone that the elements cannot discolor, a stone that readily lends itself to skilled lettering and delicate carving—a stone that has won universal commendation.

ORDERING A MONUMENT

In the back of this catalog is a reproduction of our standard order blank form. This will be found of great value in writing out orders; additional blanks will be furnished as requested.

Terms

Cash on delivery of memorial. Three per cent cash discount will be allowed if cash accompanies the order.

Freight

When we receive full cash payment with order, we prepay all freight charges to destination. If the memorial is not paid for until delivery, the customer will pay the freight and deduct freight charges from our bill.

It is essential that freight bills be sent us. We are not liable for any storage charges on monuments and urge customers to remove monuments from depot as soon as they arrive.

Shipments

How long it will take to complete a monument depends, of course, on the nature of the monument design. On an average, it takes us 30 days to make and ship a stone. You can count on the railroads taking from 15 to 25 days to make deliveries, after shipment is entrusted to them.

ERECTING A MONUMENT

Do not remove the crate about the various pieces of the memorial until they have been put in place. For instance: place the bottom base on the foundation before removing the crate. Care taken in this connection will save the monument from possible scratching and disfiguring.

The first step in erecting the monument is to measure the base of the monument, and then to dig a hole in the ground that measures the exact size of the base. The nature of the soil in the cemetery will govern the depth of the foundation—that, and the weight of the monument.

Here is a general rule that may be followed with safety: a monument weighing up to 1,000 pounds should have a foundation about 18 inches deep; one weighing 1,000 to 2,500 pounds should be 2 feet deep; from 2,500 to 6,000 pounds, 3 feet deep.

Level Foundation Important

It is extremely important that the foundation be absolutely level, otherwise the monument will lean over. A good foundation is made of rock and mortar, the mortar being three parts sand and one of cement. This is used with rock, five parts of stone to one part of mortar.

The mortar used in the bottom of the foundation should be thinner than that used at the top. The mortar used on top of the foundation, in finishing it off, should be a little stiffer. Within two hours it will set sufficiently to erect the monument.

Pound the bottom of this hole down until the dirt is packed hard. Be sure that the hole is filled level with ground, the top being a smooth surface of cement, leveled with a spirit level.

Brimstone, Plaster Paris and Dowel Pins

Pains taken in erecting a monument will be amply rewarded by the manner in which the stone will remain plumb and true for centuries.

With all socket base jobs we provide enough brimstone to set them properly. All that is necessary is to melt the brimstone in a can or pan, pour it into the socket and hold the headstone in position for several minutes. It will then harden and become cement.

Dowel pins are required by some monuments; some call for plaster paris. Count on us to send whatever is needed for proper erection of the stone. When you use plaster paris you mix it with water; it will quickly harden.

Practically all of our square die jobs do not necessitate anything to hold them up. Level foundations—and you'll find the monument will be held securely by its own weight.

INSCRIPTIONS

GRANITE: Price includes inscription in style shown on monument design pictured herein. No verse included. If verse is desired, additional charge of 40 cents per letter will be made.

MARBLE: On the marble monuments, price includes inscription in style shown on design herein and also a verse not to exceed 40 letters. Extra letters 8 cents each.

Prices quoted are for monument lettered with name, birth, death and family name—if shown on design selected. If different style letters are desired from those indicated in this catalog, price will be altered accordingly.

GRANITE LETTERS

The following table will give you the actual cost of the different kinds of Granite letters. This table, you will understand, refers to inscription letters. On small sunken verse letters, which are always the same size, we are making a low price of forty cents per letter:

Sunk 1½ inches and under	\$.60	Square Raised . 3 inches and under ¼	\$3.50
Sunk 2 inches and under	.80	Square Raised . 3½ inches and under ¼	4.60

PHOTOGRAPHS

We are equipped to reproduce photographs on the face of monuments, in vitrified glass porcelain enamel. If you are interested in this form of decoration, your inquiry is solicited. Some of the popular sizes are:

- No. 4—2 3-8 inches by 3 3-8 inches, \$13.00 extra to price of monument
